Material	stainless steel pipes ø 40 mm stainless steel pipes ø 22 mm
Connection thread	4 × G1/2"
Testing overpressure	1,3 MPa
Max. operating overpressure	1,0 MPa
Max. operating temperature	95 °C
Number of pipes	14, 22, 33
Surface treatment	brushed stainless steel

Height [mm]	Length [mm]	Depth [mm]	Connection span [mm]	Weight [kg]	Water capacity [l]	Heating Output [W] 75/65/20 °C	Recommended power input stainless steel [W]
820	600	40	560	8,3	4,1	322	300
1 180	600	40	560	9,9	6,4	432	400
1 765	600	40	560	14,7	9,6	647	500

Connection fittings are not part of the radiator.

Thermal power measuring follows in accordance with EN442.
